
**INVITATION FOR PREQUALIFICATION
CHARLOTTE WATER ZONE 4 FIELD OPERATION CENTER
CHARLOTTE NC**

Applications for Contractor prequalification for construction of the Charlotte Water Zone 4 Field Operation Center will be received by Rodgers Builders, Inc. via e-mail or mail until 5:00 PM EST on Wednesday, August 5th, 2020. The submission procedure is detailed in the Application Package.

The prequalification application, clarifications, and other related information will be posted on the Charlotte Water's website at <https://charlottenc.gov/Water/Projects/Pages/Opportunities.aspx> Each Contractor is responsible for checking this website to obtain the latest information.

Overall Project Description

The Charlotte Water Zone 4 Project includes construction of a two-story 63,000 square foot steel-framed administrative and operations building as well as several support and outbuildings on the 11-acre site. The main administrative building includes concrete strip and column footings with aggregate pier foundations and slab on grade. Structure is typical steel column and beam systems with metal decking and concrete for the second-floor system. Roofing is single ply system. Aluminum storefront, curtainwall, brick veneer and metal panel system make up the exterior skin. Interior partitions will include CMU and gypsum walls. Interior finishes include millwork, hard and soft flooring, ACT and metal ceiling systems, and acoustical wall panels. Two elevators, monumental stairs with glass railing systems, interior glass partitions and operable partitions are also included.

The 30,00 square foot pre-engineered metal building warehouse will include concrete strip footing and column foundations with concrete slab on grade and pre-engineered metal building structure, exterior metal panel walls and roofing system. Prefabricated aluminum canopies, overhead doors, and prefabricated skylight systems will also be included as part of the exterior systems on the warehouse. Interior scope includes masonry CMU, structural steel system for a mezzanine system, paint booth system, and bridge crane system.

The materials bunker will be pre-engineered metal building system on concrete divider walls on large concrete footings. The fuel station will be new, complete fueling station with new tank, fuel pumps, islands, and canopy system. The vehicle truck wash building will be a CMU load bearing wall system on concrete foundations and slab on grade with structural steel roof system and metal roof skin building that also includes a complete vehicle wash system.

The existing 11-acre site will remain operational, so construction will occur in phases. Site scope includes demolition of existing site components, demolition of existing buildings, grading, new utilities, concrete and asphalt paving, fencing, landscaping and site lighting.

Contractor must coordinate with other subcontractors in areas where scopes overlap. Applicant shall anticipate participation in the City of Charlotte's Charlotte Business Inclusion (CBI) program to enhance competition and participation of small, minority and women owned firms in City contracting and to promote economic growth and development.

Requirements

Rodgers Builders, Inc. nor Charlotte Water will not be responsible for any cost incurred by Applicants as a result of their participation in this prequalification process. Each Applicant will bear its own expenses in connection with the preparation and submission of materials and the provision of any supplemental information, which may be requested. Rodgers Builders, Inc. nor Charlotte Water will have no liability for cost incurred by Applicants in connection with the review and evaluation of prequalification materials and any findings and determinations made there from. All materials submitted by Applicant will become the property of the Rodgers Builders, Inc.

At the time of the bid opening for the Project, each prequalified Contractor that submits a bid will be required to demonstrate to the reasonable satisfaction of Rodgers Builders, Inc. that it is a responsible bidder, following the criteria set forth in applicable North Carolina Law. Additionally, each prequalified Contractor that bids on the Project shall be required to review all information submitted as part of its Application and disclose, with its bid, the correction of any outdated information in its Application. A determination that a Contractor has been prequalified by Rodgers Builders, Inc. does not preclude Rodgers Builders, Inc. nor Charlotte Water from rejecting a bid prior to award of a contract should it subsequently be determined that the Contractor is not a responsible bidder, as provided by North Carolina Law, or that incomplete, inaccurate, deceptive or misleading information was submitted as part of its Application or in its bid. Rodgers Builders, Inc. and Charlotte Water expressly reserve the right to reject a bid, based on the determination listed above. This application is to prequalify contractors specifically for the Charlotte Water Zone 4 Field Operation Center Project. An Applicant's successful prequalification for a former project is not considered evidence that an Applicant is a responsible bidder, nor does successful qualification on this project mean the Applicant will be deemed a responsible bidder on future projects. Successful qualification on this project does not preclude Rodgers Builders, Inc. from requiring the applicant submit additional prequalification information.

 - Anticipated Bid Opening September 8th, 2020
 - Anticipated Notice to Proceed: November 2020
 - Anticipated Construction Start: January 2021

July 15, 2020

Dear Interested Subcontractor:

Thank you for your firm's interest in working with Rodgers.

To be included in our subcontractor management program, each subcontractor is required to prequalify by submitting a complete Trade Contractor Prequalification Application and registering your company on BuildingConnected.com. In addition to completing the aforementioned steps, you will need to submit the following required documents based on your responses:

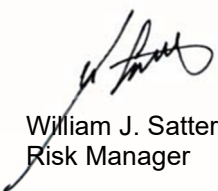

1. Safety and Insurance Documentation
 - a. Current Safety and Substance Abuse Policy.
 - b. OSHA 300 and 300a logs from the past three years.
 - c. Certificate of Insurance – Requirements are \$1M general liability (per project limits) and auto; \$5M Excess, or \$10M Excess for specialty trades, \$2M Mold coverage for the building envelope and all Healthcare work and State Statutory Limits for Worker's Compensation.
2. Financial and Bonding information:
 - a. Financial Statements including most recent audited Balance Sheet and Income Statement.
 - b. A signed letter from your bonding agent stipulating current amount of bonding capacity per project, aggregate limit, bond rate and identifying the surety including A.M. Best Rating.
 - c. Completed IRS W-9 Form, Request for Taxpayer Identification and Certification.
3. Licensing and Certifications:
 - a. Minority Certification Letter from Governing Authority.
 - b. Applicable Licenses: General Contractor's license required for work over \$30,000.00. Licenses for work associated with architectural, electrical, mechanical and plumbing.
 - c. North Carolina Business License or reciprocal License.

Prior to submitting your application, please be familiar with Rodgers' bonding requirements: Separate Payment and Performance Bonds are required on all subcontracts of \$100,000 or greater. If the scope of work relates to building exterior; e.g., windows, roofing, EIFS, precast panels, brick veneer, etc., separate Payment and Performance Bonds are required regardless of the value of the scope of work.

Please submit your completed application via mail to William Satterfield, Risk Manager, Post Office Box 18446, Charlotte, NC 28218 or via email at wsatterfield@rodgersbuilders.com. For additional information, feel free to contact Will at 704.537.6044. Once your completed application has been received by Rodgers, we will immediately begin the review process and will contact you regarding your approval status as soon as possible.

Again, thank you for your interest in working with Rodgers.

Very truly yours,

William J. Satterfield AIC, ARM
Risk Manager
